

CIPS Institute – Session 9: August 12, 2004

Thursday's Agenda

9:30 Session 9 Debriefing & Connection Between Radiant Energy and “Chemistry”

What we remember
What questions will students ask?
What are the big ideas/questions?
What materials do I need?
What misconceptions may occur?

What does light (Radiant Energy) have to do with “chemistry”?

10:00 **CIPS**
Introduction to Unit 4: Mass
Interactions and Conservation

- U4C1 Activity 1: What Happens to the Amount of Stuff?

12:30 **Lunch**

1:00 **CIPS**

- U4C1 Activity 2: Measuring Volume
- Unit 2 Test Review and Information
